MaxClean

MaxClean is an automotive detailing industry company established in 2020 with a focus on producing high-quality brushes for automobiles. MaxClean is dedicated to providing customers with high-performance brush products that meet various high-end requirements. MaxClean has a professional brush design team that can design different styles, lengths, and ergonomic angles based on customer requirements and preferences. Utilizing 3D modeling and printing technology, the team can create samples that meet customer satisfaction through multiple rounds of adjustment and redesign.

Furthermore, MaxClean has its own production workshop to strictly control the quality of the brushes. They use production zoning and manual assembly to ensure the best production quality. The team members of MaxClean pay attention to details and pursue excellence to achieve customer satisfaction. We provide a comprehensive solution for all your warehousing, packaging, transportation, customs clearance, and declaration needs.

Our experienced team ensures that your products are stored securely and packaged with utmost care. As we look forward to the future, we are committed to continuing our tradition of innovation and expanding our product line to meet the evolving needs of our customers. We remain dedicated to providing the highest quality of service and customer satisfaction.

6# Hair Length:42mm 30mm, 1.2"

10# Hair Length:48mm 40mm, 1.6"

50% Natural Bristle Hair and 50% PP Hair Wood Handle

Product description

Detailing between air vents and in seams on your dashboard and console can be a challenge. Many professional detailers don't even bother cleaning all the nooks and crannies because it's just not an efficient way to use their time.

This one brush serves two purposes: it dislodges stubborn grime with the stiff, black bristles, and it gently cleans clear plastic panels with the soft, grey bristles.

ESS DETAILING BRUSH ULTRA SOFT

ITEM NO. MC059-L, MC059-S

Handle Length:

132mm(small),208mm(large)

Hair Length: 46mm(small),48mm(large)

Material: Cotton Bristles+ Wooden Handle

Product description

We've taken the power of Car Duster which gives your car the look of being just washed, and combined it with Mini Dash Duster that easily removes dust from your car's interior in seconds.

The 100% cotton mop heads of these dusters are treated with a special paraffin wax that literally lifts dust from the vehicle's surface. A useful tip is to use our duster products on cool surfaces. Also, the dusters should only be used on dry surfaces.

This Premium Auto Detailing Kit is designed to quickly and efficiently remove dust from both the interior and exterior of your car, by moving the dusters lightly over the car's surfaces. Keep in mind that the dusters are not designed to polish a car. The classic sized car duster
